01. Footnote for uncertain tax position under FIN 48 (Part X)

The foundation is exempt from federal income taxes under section 501(c)(3) of the internal revenue code. The accounting standard on accounting for uncertainty in income taxes addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under that guidance, the foundation may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax exempt status of the foundation and various positions related to the potential sources of unrelated business taxable income (ubit). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There were no unrecognized tax benefits identified or recorded as liabilities for at december 31,

Part XIII Supplemental Information (continued)

03. Additional Information for Schedule I

Grant applications are received throughout the year and qualified applicants affiliated with an accredited university are reviewed by an external review panel of scientific experts. Scientific scoring is based on the NIH R01 Grant scoring system and final scientific scores are shared with the Research Committee and Board of Directors (BOD). The LGS Foundation BOD then considers the scientific merit of each grant in the context of organizational goals and votes to fund approved research grants throughout the year. Grantees provide progress reports every 6 months to 1 year depending upon the length of the grant, which allows allocation of funds for the next grant period, and must provide final progress reports at the end of the project.
